

Adam Klaasmeyer

Product Designer

Product Designer and certified UI Developer with a proven record of delivering results. Persistence, curiosity and a strong attention to detail define my approach to solving complex design problems.

EXPERIENCE

HP

April 2023 – February 2024

Product Designer

- Work closely with Product Owners, Frontend Developers and stakeholders to design HP enterprise software
- Responsible for wireframes and prototypes built in Figma

Bath and Body Works

February 2023 – April 2023

UX Designer

- Collaborated with cross-functional teams to improve transactions on bathandbody.com, resulting in a 30% increase in revenue in the first quarter.
- Created user flows, wireframes and prototypes to solve solutions concerning transactions

OneAZ Credit Union

February 2020 – February 2023

Senior UX Designer

- Led and managed team members on new design initiatives for the OneAZ online and mobile banking applications
- Solely responsible for creating and implementing the current ADA compliant OneAZ design system

Blue Cross Blue Shield

January 2018 – March 2019

UX Designer

- Collaborated with Product Owners and Developers to solve complex user interface problems for Arizona's largest health care website azblue.com
- Led UX workshops with a wide range of stakeholders to provide insights into customer needs and behaviors
- Conducted primary and secondary research to define personas and user flows that improved user engagement

USA TODAY NETWORK

April 2016 – January 2018

UX Designer

- Produced digital assets including HTML5 animated display ads, promotional videos and responsive mobile landing pages. Built custom HTML email for automated campaign sequences in Adobe Marketo

Fender

June 2014 – March 2016

UX Designer

- Promoted to Lead UX Designer for jacksonguitars.com, gretschguitars.com and evhgear.com
- Performed competitive benchmarking and heuristic evaluations determining changes need to be made to improve usability on fender.com
